A little humor mixed with moose facts for this morning's "Moose & Coffee"

The caption for this one should read "What?.....I didn't do it. Don't blame me!"

Now for some cool tidbits on bull moose "signposts" During the rut bulls make these large rubs on trees but there's a lot more going on besides just rubbing the tree and creating a visual sign for females....Bulls will rub their antlers on them but also their forehead which has pre-orbital glands unique to him. A... [See More](#)
